THREE GOOD BOUTS MONDAY NIGHT

Jeanette vs. Jones Bout Stopped in Fourth Round to Save the Latter—Mandot Wins Decision Over Owen Moran—Joe Hyland Knocked Out Bobby Wilson.

New York, April 1.—Joe Jeanette, the Hoboken heavyweight, so far outclassed Jeff Jones tonight that the referee stopped what had been scheduled to be a ten round bout in the fourth round. Jones showed up fairly well for two rounds but in third was knocked down several times and a knockout was in sight when the referee waved Jeanette to his corner.

Mandot Down for Count of Nine.
Memphis, Tenn., April 1.—Joe Mandot of New Orleans won the decision over Owen Moran tonight in an eight round bout before the National Athletic club.

Six of the eight rounds were awarded to Mandot; one went to Moran, and in the eighth, the eighth, Jones were even. In Moran's round, the second, Mandot went to the floor for the count of nine and came up groggy. The rest of the round he held on, but in the third he came back fresh. During the remainder of the fight he fought a tri-umphant fight. Neither fighter was badly punished. Moran was regarded as one of the most formidable opponents in the way of the New Orleans fighter to a match with Ad Wolgast for the lightweight title.

Hyland-Wilson Bout.
Utica, N. Y., April 1.—Fighting Joe Hyland of New York and Bobby Wilson of Utica in the second round of what was to have been a ten round bout before the Utica Club. Leach Cross had announced prior to the bout that he would meet the winner.

JUNIORS DEFEAT OWLS.
Took Three Straight Strings from No. 4 Team—Aldi High Man With 200.

The Juniors defeated the Owls No. 4 basketball team at the Danvers alley Monday night, taking three straight strings. Aldi of the winning team had high score of 12 and high three string total of 300. The Juniors had a margin of 124 pins over their opponents in the nine matches.

Two Changes in Yale.
Cornell Game to Be Played at Washington—Two Games With Johns Hopkins.

New Haven, April 1.—The Yale baseball management tonight announced two changes in the schedule of the southern trip, which starts Wednesday. Instead of playing Cornell on April 5 at Washington, the game will be played at Baltimore, and there will be two games with Johns Hopkins instead of one as originally planned. These games will be played April 8 and 9 at Baltimore.

Champs Unable to Hit Phillie Phanter.
Philadelphia, April 1.—The Philadelphia Nationals took another game from the world's champion Athletics here today by the score of 4 to 2. Brown, the Athletics pitcher, pitched a perfect game for the first time in his career.

Big Field Trials for Letohatchie.
Letohatchie, Ala., April 1.—All the great events in American field trials during the season of 1912-13 will be held on the Letohatchie range. These include the American and United States field trials, which are set for the weeks of Jan. 2 and Jan. 11, respectively. Dogs which carry off prizes in these trials will be set for the trials.

FINANCIAL AND COMMERCIAL.
UPWARD MOVEMENT.
Industrials, Especially the Coppers, Show Soaring Tendency.

New York, April 1.—After a brief period of irregularity and confusion in the stock market today, the market showed a decided upward movement in the industrials, especially the copper issue. Annotated Copper sold at its highest price of the movement, and gains of one to two points were made by Anaconda Copper, Utah Copper and Tennessee Copper, while American Smelting and Refining, Steel recovered some of the ground lost in the final days of the preceding week.

Best prices of the present movement also were made by Reading and Union Pacific, but it is noteworthy that the railway stocks as a whole were far less conspicuous and strong than the other group.

The further rise in the metal stocks was accompanied with another advance in the price of the metal, which was quoted at 15 7/8 to 16 cents per pound. These same shares were strong abroad, where the visible supply of stocks on hand showed an appreciable reduction for March. To what extent the reduction in actual holdings remains a debatable question, but there can be no manner of doubt that the various industries which produce metal are such an important part now are enjoying a greater degree of prosperity than they have known at any period in the last two years. That much can hardly be said of the steel and iron industry, which is less active at the moment than it was a fortnight back. Estimates dealing with the past quarter's net earnings of the United States Steel corporation were made today.

A large proportion of the April 1 in the steel industry was placed in the hands of the corporation's unaffiliated "tonnage" for March will show little diminution in business for that month. Despite some slackening in the industry, steel was one of the most active of today's stocks, which may have been due to belated recognition of last week's advance in structural parts.

On the exchange it was a matter of course that the small portion of today's buying of steel came from prominent commission brokers recently active on the selling side.

An advance in call money to 3 percent together with some profit taking, produced some dullness and fractional recessions in the last hour, but the undertone was distinctly firm. The rise in money was a natural corollary to last Saturday's bank statement, in which the reserve was shown to be depleted. It may reasonably be assumed that this condition will be rectified in the course of the week as a large proportion of the April 1 interest and dividend payments is certain to go back into the coffers of local financial institutions.

The United States supreme court resumed operations today, but none of the decisions announced in the course of the session was particularly interesting to the financial district.

Americans were strong in London, and that market again bought moderately high here.

The day's railway returns for February included the Pennsylvania system, its eastern lines increasing about \$500,000 net, with those of Pittsburgh increasing only \$100,000. The complete returns of New York Central were distinctly favorable, as were also those of Northern Pacific and St. Louis Southwestern. Illinois Central lost almost \$1,000,000, but the Atlantic Coast line decreased \$125,000.

The bond market was generally steady, but some issues inclined to fall. The total sales, however, were \$2,116,000. United States three coupon ad-

"Gasoline" Horses.
The motorcycle is becoming so popular with the men on the farm that by many it is regarded as a "gasoline horse." Its use is so extensive in going from farm to town at any hour of the day and in taking country jaunts that "hitching up the old mare" has given place to the "twist of the wrist" on the single track.

According to some statistics, it is estimated that one out of every eight farmers in northern Indiana owned a motorcycle, and a great number of farmers of the soil in Illinois and Wisconsin rode the two-wheeler and that it was popular to wheeler every farming community in the country.

Spring Football Practice at Harvard.
Cambridge, Mass., April 1.—The opening spring football practice of the Harvard squad was begun today on Soldiers' field with 38 candidates out. Three of the number only were veterans, Captain Wendell Gardner and Parmenter. Coach Haughton put the men through an hour's work in passing, punting and kicking, and the last year's team assisted in the work.

At the same time the track men were out for the first work on the field, 110 men reporting.

Fines for Players Refusing to Report.
Chapelton, April 1.—The national baseball association today laid a good standing W. G. Dall of the St. Louis National league club, who failed to report for the season of 1911, as he was dissatisfied with the salary offered him. The commission issued a warning that hereafter players who are offered a reasonable salary by a major league club for their first season will be fined if they refuse to report for duty.

Samuels Captain of Yale Gym Team.
New Haven, April 1.—The Yale gymnastic team tonight selected F. L. Samuels, 1913, of Natchez, Miss., captain of next year's team and P. P. Achilles, 1912, of Rochester, N. Y., manager.

Dr. Elkin Rabbi Emeritus.
The Rev. Dr. Meyer Elkin of Hartford and Crescent Beach, N.Y., wears a rabbi in Israel, and for a quarter of a century rabbi, teacher and spiritual guide of Congregation Beth Israel in Hartford, delivered his valedictory Friday evening. On Monday, April 1, he became rabbi emeritus. Some weeks ago when Rabbi Elkin made known his desire to retire he was granted a substantial salary as rabbi emeritus for the remainder of his life. His successor, Rabbi H. W. Ettelson, has been his assistant about a year and a half.
